THE NEW

RAYMOND RECORDER

No. 7 Vol. 3 Thursday, May 29, 1952

Mrs. Norma Zobell was hostess to the Fourth Ward Primary Officers and Teachers at her home Tuesday evening. As the night air proved to be too cool to play the games planned for outside, visiting and sewing were enjoyed during the evening.

A very tasty lunch was served by Mrs. Zobell.

Two Day Stampede Sponsored By Chamber Of Commerce

Raymond's high place on the honor roll of Stampede towns will be maintained this year when this annual event comes to life on June 30th and July 1st with a splendid program now being readied by Stampede Manager Karl Wilde and his crew of capable assistants.

Clark Lund will again be Arena Director and stock will be supplied by Gordon Hall, Grant Haynes and Tucky Wells.

The rodeo, that is being sponsored by the new Chamber of Commerce, will get under way at promptly six o'clock in the evening on Monday, June 30th and will continue on Tuesday afternoon at one-thirty. A full quota of thrills and spills are in store for stampede fans and there will be five races on July 1st for those who follow the ponies. The Businessmen's Derby will again be the feature race of the meet that will be under the direction of Redge Cooper.

The gala parade will be held on Tuesday morning under the sponsorship of the Raymond Rotary Club with Howard Melchin in charge. Citizens and businessmen alike are requested to do their part in making this one of the finest parades in Raymond's history. Now is the time to make your plans and to start carrying them out.

Repairs and renovations are now being made at the Fairgrounds under the supervision of Jack Kenney and Bill Hague who head the Grounds Committee.

Everyone in town will soon be under the spell of the Stampede and will be aiding and abetting such public spirited men as Lincoln Wood who is the Stampede Secretary, Jack Evans who fills the shoes of the Arena Secretary and Bruce Galbraith who is in charge of ticket sales.

It looked for a while like the Town of Raymond would miss out on one of its most outstanding claims to fame this year when prospects of a Stampede looked slim indeed, but that spirit that is Raymond made itself felt and now the show will go on.

Yipee and a couple of whoops!! We'll see you all at the Stampede.

(It would be a miscarriage of justice if we were to let the opportunity pass by to pay tribute to the Raymond Lions Club in general and a few members in particular at this time. For the past several years the Lions have sponsored this event under less than desirable circumstances. Every citizen of Raymond, rodeo fan or not, should pause for a moment and be glad that such organizations and men exist and that we have the freedom to enjoy their efforts.)

Donna Rae Selman Is May Bride

A wedding of interest took place in the Alberta Temple on May 28th when marriage vows were exchanged between Donna Rae Selman, daughter of Mrs. C. B. Smith and the late D. G. Selman; and Vernon, son of Mr. and Mrs. A. J. Garner. Pres. L. D. Cahoon officiated.

The bride was radiant in a gown of white lace over satin and net, fashioned with a high neckline, long lily point sleeves and a full skirt; a lovely chapel length veil cascaded over her shoulders. Her shower bouquet was of American Beauty roses intermingled with Cala Lilies.

Bernice Dahl and Anita McBride, bridesmaids, wore floor length gowns of pink and blue satin respectively and carried bouquets of pink and white carnations.

Mrs. Garner chose for the occasion a frock of blue crepe while the bride's mother chose a brown floral dress; both corsages were of pink carnations.

Ken Garner, cousin to the groom, was best man and Lynn Selman, Bus Murdoch and Ralph Michelson ushered the guests.

The wedding music was played by Mrs. Emma Dahl.

(continued on page three)

Another Printer Added To Recorder Staff

It is with pleasure that we announce that Joe McNaughton has accepted a position in our shop. Joe is a young fellow, seventeen, but has a good fundamental knowledge of the printing business and comes to us with very good recommendations. So far his experience has been confined to hand setting and manual press work but he is catching on fast with our linotype and it won't be long before he will be taking over a goodly portion of that work.

When things get organized in our shop we hope to be able to give our subscribers and job work customers alike better service.

Please accept this invitation to come in and get acquainted with Joe.

The Shirley Kings, Wm. Jensens, Doug Allans, Rayo Woolfs, Melvin Kings, Renan Packs, Lincoln Woods, T. Geo. Woods, Jack Evans, Joe Strongs, Mose Fromms, Orson Binghams, Howard Melchins and many others spent the 21th holidaying in Waterton.

New Business Opens In Jacobs Block

When Truman Holt opened the doors of the new Holt Brothers Meat Market in the Jacobs Block, he was doing only what came naturally. From 1935 to 1941 he operated a similar business in the same location before selling to R. D. Nilson and moving to Vancouver. Now he has teamed up with brother Morris to offer Raymond citizens a full line of meats.

The premises have been renovated and a new cooler unit has been installed. The public is cordially invited to drop in and renew acquaintances or become acquainted.

The Busy Bee Club met at the home of Mrs. Palmer this week for their regular evening of sewing and chatting, followed by a delicious lunch.

Mrs. Zelda Woolley was a special guest.

Citizenship By Lavonne

(Another of the essays written by High School students for the Rotary Club contest.)

The new immigrants from across the ocean are so used to war, grief and bloodshed that when they come to Canada you may often hear, even from the lips of the bitterest, "This country, Canada, is a wonderful land." We can walk, talk, worship and vote without fear that someone present will report us to the Gestapo and have us put in prison for treason or heresy.

We can vote for the kind of government that we think is best instead of having someone tell us to vote for this person or that party. We can worship our God in peace and know that there will be no officers of the Gestapo or Secret Police to have us sent to Siberia or some out of the way Concentration Camp. Here in Canada they do not teach little children to disobey and spy on their parents. They do not teach them that there is no God. The Government does not censor mail or have someone constantly listening in on your telephone conversations.

(continued on page two)

Mr. and Mrs. Joe Strong enjoyed the day in Waterton on Saturday.

United Church News

Communion and Baptismal Services will be held in the United Church this Sabbath June 8th at 12 noon with Rev. Johnson of Cardston conducting the Service.

The congregation is asked to remember the Father's Day Service being planned by the Sunday School for the 11 A. M. Service Period June 15th. The Church Service will be held at 12 noon as usual, with Rev. Ward in charge. We would appreciate a full attendance to both Services Come and honor your father at this family worship period. The Sunday School offering will again be given to Missionary work.

The ladies of the congregation are invited to attend the regular meeting of the W. A. at the home of Mrs. Kay Swedish Thurs. June 12th at 8 p.m. As this is the final meeting for the summer months, a good attendance is requested.

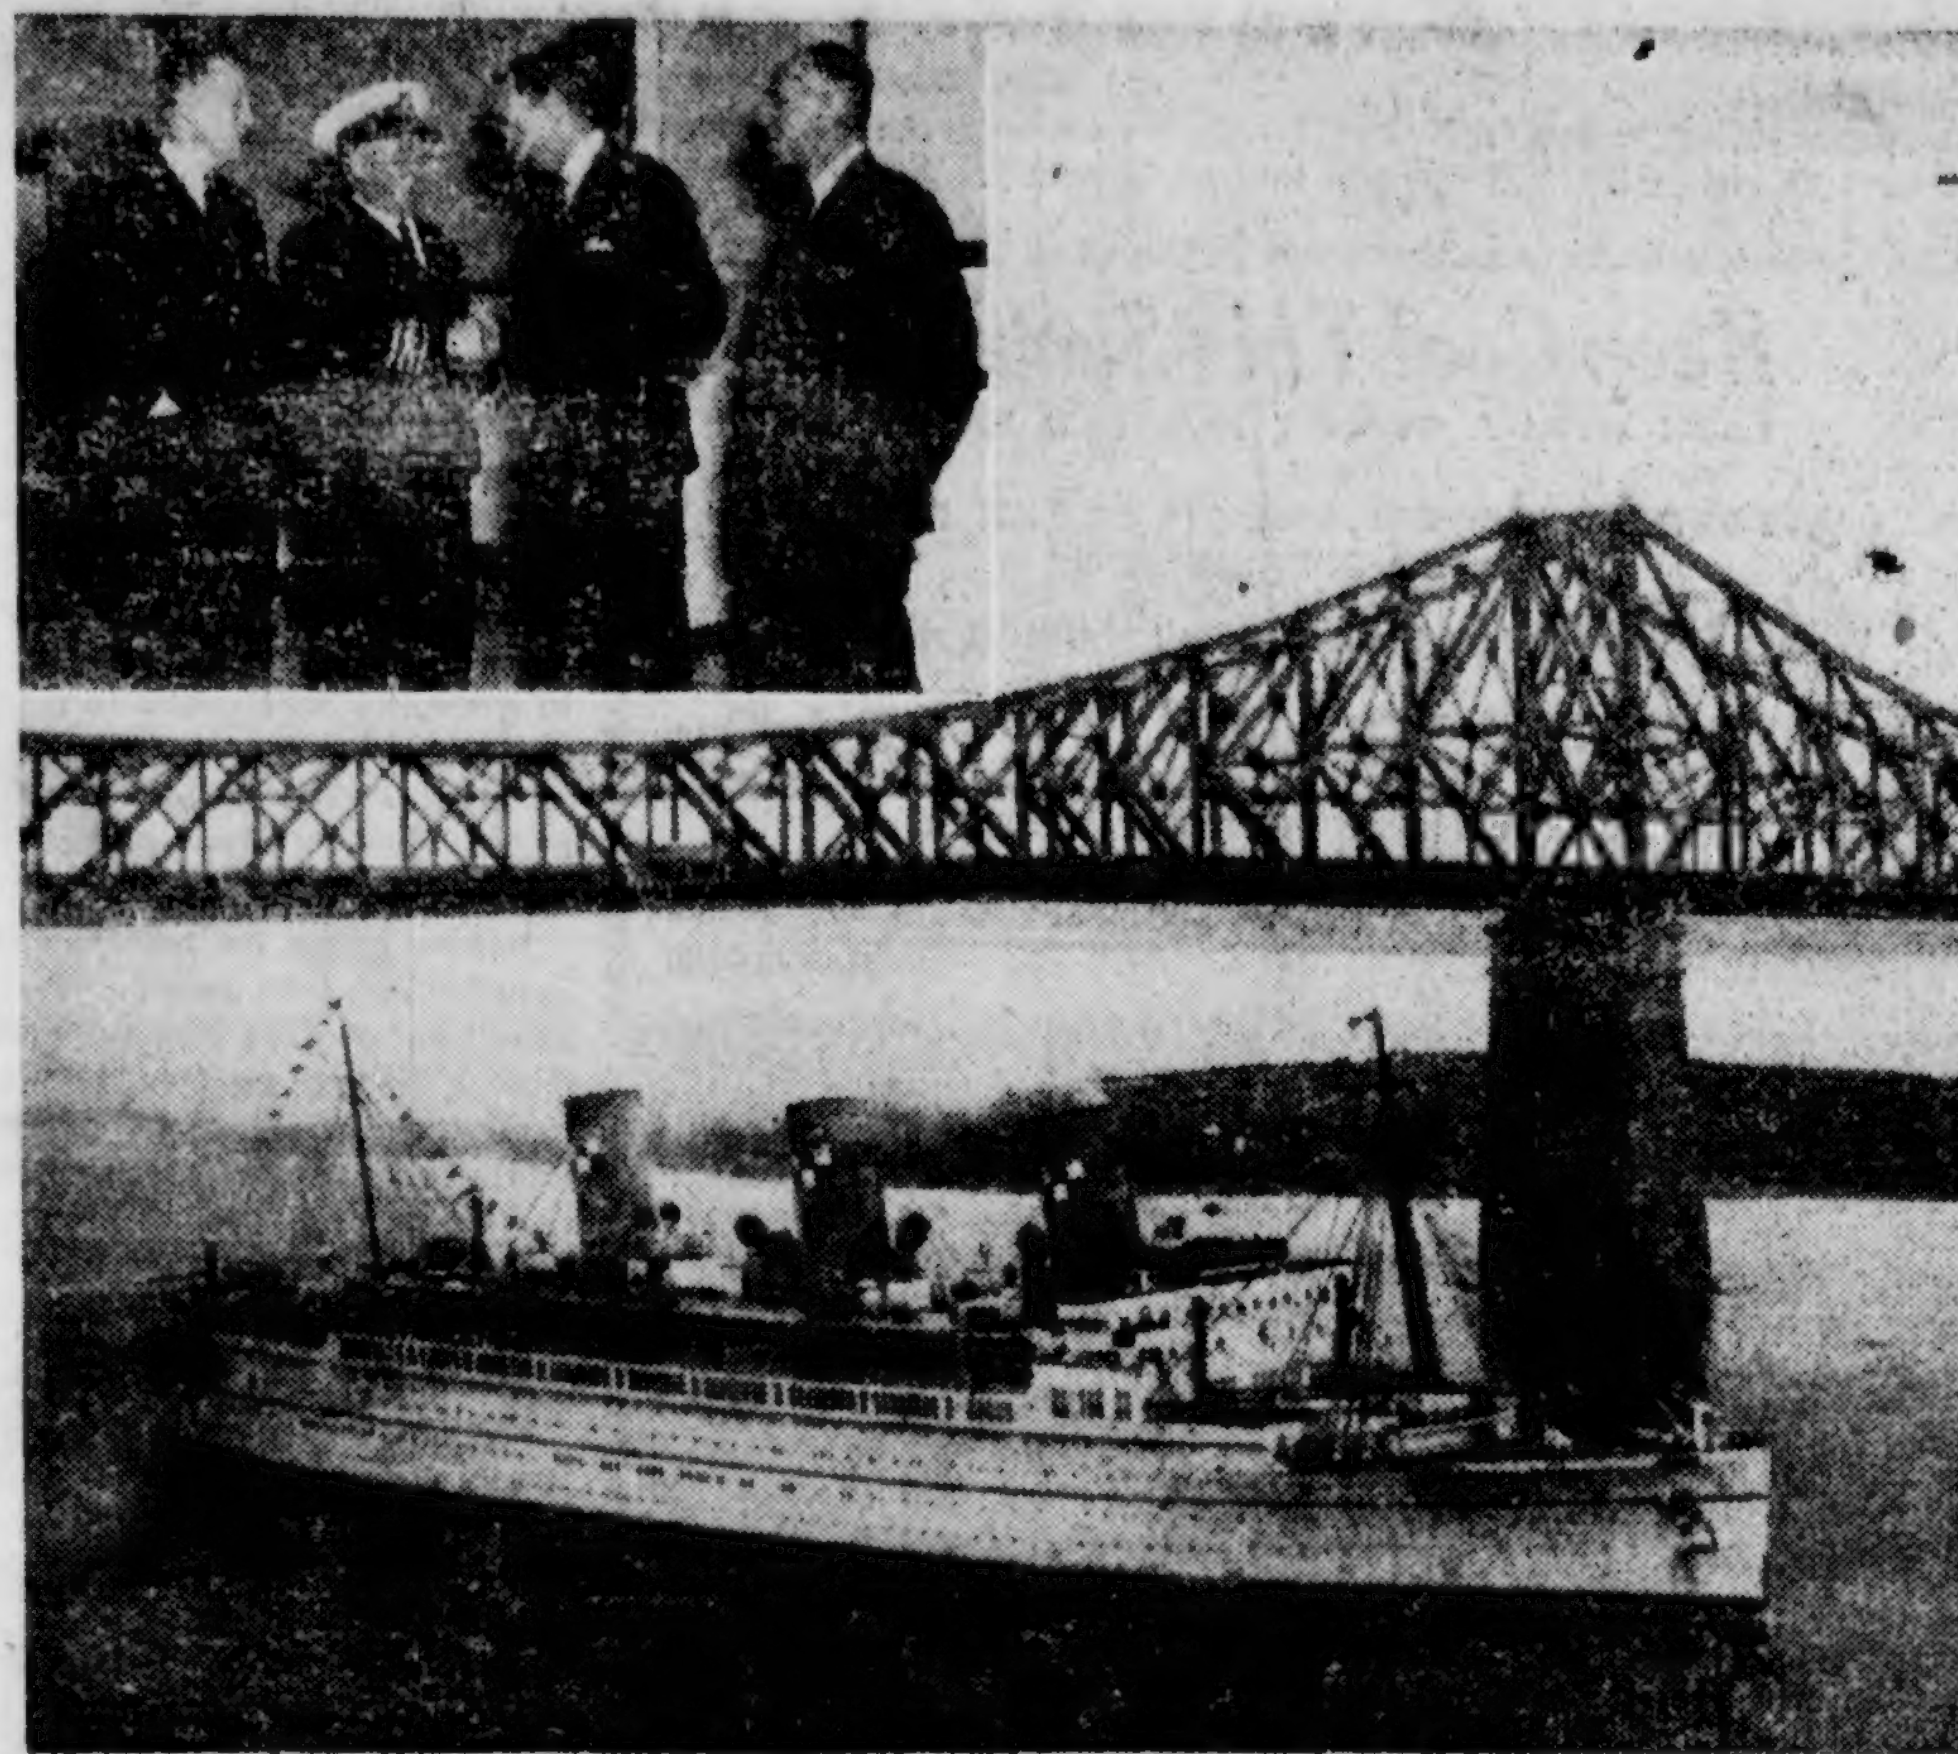

We are sorry to report that Mrs. J. Dalhard's mother, Mrs. Olsen, is a patient in St. Michael's Hospital suffering intense pain in her afflicted left eye.

Arnold Hudson of Taber, formerly of the local Bank of Montreal Staff, renewed acquaintances in town the past week-end.

Mrs. A. K. Baker of Vancouver is at present a guest at the home of her son-in-law and daughter, Mr. and Mrs. Jim Grant.

Mr. and Mrs. G. Bosworth have visited their mother, Mrs. Hutchings of Olds.

A Community Wiener roast was held Sunday evening at the farm home of Mr. and Mrs. Ray Attwood. Why not plan to attend the next one on June 8th at 6 p.m. Bring your family and your buns and weiners and enjoy a game of ball as well as a friendly visit with your neighbors.

The Empress of Scotland, 26,300-ton flagship of the Canadian Pacific fleet is shown at the entrance to Montreal harbor to make history as the largest vessel ever to arrive in the world's largest inland port. The big luxury liner and cruise ship, which had to have her masts shortened by almost 45 feet to clear under the bridges and power lines on the way up-river from Quebec, will make Montreal her Canadian terminal for the remainder of the 1952 St. Lawrence navigation season. The 666-foot long vessel carries 663 passengers, and will make one trip every three weeks between Liverpool, England, Greenock, Scotland, river pilot, who was aboard the vessel and Montreal. The inset shows Capt. C. E. Duggan (in uniform), master of the largest and fastest vessel on the St. Lawrence route, being welcomed to Montreal by Capt. J. P. Dufour, Montreal harbor master, while looking on are A. C. MacDonald, managing director of CPS, and Andre Gauthier, rector of CPS, and Andre Gauthier, rector of CPS, and Andre Gauthier, rector of CPS.

A Question Of Roads

The fate of the road connecting Raymond with the east highway has definitely been settled — it will run straight east to Craddock as has been planned for some time. Early this week a delegation from here attended the nomination meeting of the Social Credit party held in Warner to discuss the matter with L. C. Halmrast, M.L.A., and the Hon. Gordon Taylor, Minister of Highways. Another delegation from the Stirling area was also present to try to get the road changed to run through that town. Both delegations were given very courteous hearings by the members of parliament but were told that the road is definitely scheduled to go through Craddock.

Nothing definite was said about hard-surfacing either section of the road this year.

The delegation from Raymond was made up of Heber Allen, President of the Raymond Chamber of Commerce, Howard Melchin and Alma Hancock. Mayor Frank Taylor met with these men and the Hon. Mr. Taylor at the Municipal office here for a short time during the morning.

Also during the day the Hon. Mr. Taylor, accompanied by Mr. Bradley, was taken on a tour of the south country where he expressed surprise at the progress in that area. The purpose of the tour was to acquaint Mr. Taylor with the question of a bridge across the lake that will be created by the PFRA irrigation project there.

Those accompanying the visitors were Sharp Henry, Ray Depew, Myron Holmes, Dan Holladay, Heber Allen, Paul Redd, Golden Snow and George Ralph.

A copy of the brief written to Mr. E. C. Manning, Premier of Alberta, will be contained in our next issue. Watch for it because it gives all the details concerning this problem.

Monday evening a number of friends gathered at the D. L. Paxman home where Della, June bride-elect was honored at a Trousseau Tea. A gay evening was spent chatting, and cutting and pasting; at the end of which the bride-elect was presented with a "Bride's Book".

A lovely lunch was served the guests.

Young Tommy Larsen gave eighteen kids an excuse for having a fine time on Wednesday afternoon when his Mom provided eats etc in honor of her son's birthday.

Big Schedule Outlined For Public Works Dept.

The Public Works program of the Town calls for the laying of eight Town calls for the laying of eight blocks of new sidewalks this year. Three of these are now completed with the work on the others proceeding rapidly under ideal conditions provided by a kindly weather man.

These improvements are financed on a fifty-fifty basis with the Town and the home owner sharing the cost which amounts to close to one thousand dollars per block. The home owner can pay cash for his portion or have it added to his taxes and pay it, interest, over a period of years.

The sidewalks have a four inch base of gravel and then a layer of concrete four inches thick and four feet wide is poured.

The sidewalk program coupled with a schedule of placing and replacing five thousand feet of water main gives the Public Works Department of the Town a full time job for the summer.

The Town Fathers and all those in responsible positions in the Town are to be congratulated on the progress the Sugar City is making.

Chips From The Scout Log First Raymond Troop

Previous Activities

Last Friday and Saturday was the District Camporee at the Pot Hole. District Commissioner Roy Woolley was in charge of the Camp. There were six Leaders present and twenty boys, making up four patrols. Our Troop had two patrols there; the Fourth Troop one and the Second Troop one. There were also three boys from Stirling.

Friday night camp was set up, then Saturday was spent in patrol competition. Besides getting points for the regular camp duties, the boys competed in fire lighting and observation. At night the boys and leaders enjoyed a program around the council fire. Certificates were also presented at that time to those who successfully completed their Bronze Arrow Head training course.

Those who went to the camp from our Troop were Max Holt, Gordon Tychsen, Arthur Hudson, Angelo Viola, LaRoy Viola, Carl Richardson, Gerry Dahl, David Still and Hugh Hague. Holgar Tychsen went as a Leader. We'd like to thank John Smith for taking the boys out.

(continued on page two)

Mrs. Jack (Mira) Humphries of Calgary was a visitor in town a few days this week visiting her mother Mrs. Emma Dahl and her sister visiting here, Mrs. Bert Leavitt.

GRADE ONE REGISTRATION

PARENTS: All children who reach the age of six years during the current year, 1952, are to be registered with Mr. J. O. Hicken, Principal, at his office in the Raymond Public School on or before the sixteenth day of June, 1952.

Mr. and Mrs. Harold Card were also holidaymakers at the Lakes this weekend.

CITIZENSHIP

(continued from page one)

Here in Canada you have never had to go to a Concentration Camp to be worked and starved to death. You have never had to wish that the next plane that you hear would drop a bomb and put an end to your misery. You have never had to stand in a line wondering if you will be one of those chosen to be put against a wall and shot. They do not care whether he is a married man with a large family or a single man.

Here we may walk down the street and know freedom for the first time. Citizenship in Canada means very much to me and I am glad that I came here, for now my children for generations to come may grow up in a Democratic country and have the citizenship that I was unable to have when I was younger. My children will not have to live in constant fear of their lives.

When I first came to Canada I expected to be sent to a camp or told I must do only certain things as I had in the old country. I couldn't have been more wrong. Now I have a happiness that overflows in abundance the sorrows and heartaches of war. The scars will disappear and the wounds will take a long time to heal, but deep down in my heart I know that I will never again have to worry about what I say, do, worship, vote, love, or have. I can own my own property, go to assemblies and say what I have to say and believe what I wish to believe. I have the freedom to oppose whatever I do not like or believe in. I would gladly fight, and die if necessary for the freedom and citizenship of this wonderful country we call "Canada".

Sara King who is from Vancouver is presently visiting at the home of Mrs. Margaret King.

RAYMOND RECORDER

Proper Processing

--- is our business

We know how to cut your meats so they "eat better" . . . how to cure your hams and bacon to a mouth-watering turn . . . how to get the most out of every cut of meat for your family.

It is good business to have your locker plant process all your meat for maximum eating pleasure and greatest economy. Remember, for proper processing of food for storage in a locker or home freezer . . . the locker plant does it best.

Fairbanks Frozen Foods

Foods Worth Freezing
Are Worth Freezing Well

Canadian Garden Service

By Gordon Lindsay Smith

For Another Year

It's an excellent idea to keep a note book and list certain jobs we are going to do for sure next year. We should also jot down such items as color and season of bloom, height, resistance to disease and drought and, of course, the name of any flower or shrub we see growing in a neighbour's garden that we hope to have in our own.

With certain lines of nursery stock, most shrubs, trees, vines, etc., one can buy and plant in the fall just as well as next spring. By doing this we get these established earlier and save time for other tasks next year.

Warm Weather Care

A burning sun is not appreciated by plants or a tender skin, and the results in both cases may be painful. The wise gardener will change his methods a bit when the rays turn hot. With the lawn he will cut less frequently, certainly no oftener than once a week, and he will usually let the clippings lie where they fall to form a bit of protecting mulch. He will also set his mower a little higher so that the grass is not cut so short.

In the flower and vegetable garden, even if no weeds have been allowed to grow, he will continue a light cultivation once a week or every ten days to create what is known as a dust mulch which will prevent evaporation of moisture from the soil.

Before going on holidays it is an excellent plan to go over flower and vegetable gardens lightly with a cultivator then, if possible, mulch lightly with grass clippings or similar material to conserve the moisture. If necessary and possible one should water thoroughly the night before this final pre-holiday cultivation.

Planting For The New Type Homes

While the general rules for permanent planting about the home still apply, in the case of the new type, one floor bungalows and ranch style houses some variations from the old ideas are recommended. The main change, says, R. W. Oliver of the Central Experimental Farm at Ottawa, is in the use of smaller shrubs and trees so that we don't over shadow the smaller houses. Driveways, which must be shovelled in winter also present a problem. Many of our shrubs do not relish a lot of extra snow piled on them in the winter months. Like humans they cannot breathe easily under such treatment. But Japanese Yew and low spreading Junipers do not seem to mind. States Mr. Oliver:

Most of our formerly popular shrubs are too tall to be used around the low spreading, flat roofed bungalows that are being built. Planting may be done further from the walls to avoid the drip from overhanging eaves. Low mounded or spreading forms seem to be more suitable, than erect ones.

Among evergreens the rounded forms of mugo pine and globe cedar, the spreading forms mentioned above, and the broad pyramids of dwarf varieties of spruce are the most suitable. The broad windows, close to the ground require low spreading ground covers to be used, such as pachysandra in shade or horizontal cotoneaster and Euonymus vegeta in sun. Low clipped hedges of barberry, Korean box or alpine currant are effective and match the house lines well.

Small trees such as weeping mountain ash, camperdown elm, Japanese lilac and rosybloom crab, are most suitable but larger shade trees look out of proportion except at considerable distance from the house.

As with all changes, says Mr. Oliver, it will take us some time to adjust ourselves to these new fashions and in the process mistakes may occur. It is always wise to plan carefully on paper before doing the actual planting.

The Third Ward Primary Seagulls, Phyllis Salmon, Janice Rudd, Peggy Heusinger, Sheila Evans and Carol Dahl, were honored at a Graduation Party this week at the home of Mrs. Madge Fairbanks who is the Primary President.

The Mutual Executive, Dan Holladay representing the Bishopric and their teacher Doris Court as well as Verda Salmon, the Bee Hive Teacher, were also present.

Mr. and Mrs. Geo. Turner were visitors in Great Falls for Canadian Day.

From all over the world . . . Friends are coming to ALBERTA!

Our Tourist Friends are on the way! They have heard of our magnificent mountain scenery, our lovely lakes and parkland. They plan to enjoy our pleasure resorts, our modern accommodation and fine foods and service and they'll be keenly interested in our trout streams, our upland and big game hunting. They will attend our exhibitions, stampedes, fairs and feature attractions in city and country. So, be ready for them.

Show our Tourist Friends that you're glad to have them here. Be helpful, be friendly. Make them happy they came. Now is the time to smarten up your premises, your business or services.

Everybody benefits from tourist business. The money tourists spend finds its way to stores and theatres, to factories and farms throughout the province. Do your part to see that your community benefits from the tourist industry. Co-operate gladly.

CHIPS FROM THE SCOUT LOG

(Continued from page one)

The Troop meeting Tuesday was held out of doors. The boys participated in the following activities: water boiling competition, obstacle race, tracking, training in observation. Some of the scouts passed their first class tracking and life line tests.

Discharge

Gordon Evans has been discharged from the First Raymond Troop. Gordon has done good work and is close to being a Second Class Scout.

Summer Camp

We're going to try something new at camp this summer. If the river is high enough, the qualified Senior Scouts will make the trip from B.B. Plats to Whooop by raft. You'll have to brush up on your lashings boys, so you can build that raft.

Competition Trophy

At the end of the second month of competition Tychsen's Fox Patrol, twice winner of the coveted trophy stands in first place. The points are as follows:

Fox Patrol (Gordon Tychsen) 1045
Beaver Patrol (Gerald Dahl) 1005
Stag Patrol (Sam Longbotham) 880
Wolf Patrol (Max Holt) 790

There is still one month before the third competition period closes.

Mr. and Mrs. Les Robinson were visitors in Waterton on Saturday.

Freedom of The Jail

A naturalist recently drew attention to a fact that we might easily have recognized for ourselves. A multitude of birds are losing their instinct for migration and are settling down and adapting themselves to new ways.

The naturalist points out that the public, in mistaken kindness, have been feeding birds until they have accepted it as a new dispensation and have given up the struggle to feed themselves. The public are rather proud of their humanity, assuming that they are protecting the wild life that once knew very well how to protect itself. But some day the householder forgets, or grows tired of routine, or goes on a visit. Any of these simple happenings may mean tragedy to the birds.

We can argue of course that they quickly learn to adjust themselves, but our naturalist friend has his ready answer. Even a bird has its obligations, its place in the scheme of things. It helps to maintain Nature's precarious balance. If it finds no insects in the snow it cannot serve its purpose. But a bird's omnivorous appetite has been tabulated by careful men, who find that it consumes as many as 600 insects a day. So one absentee robin gives assurance of life to a million insects who are left to breed and do their work while we teach their natural enemy to beg for crumbs. Perhaps it doesn't seem so vastly important. But this much is sure, unrelenting warfare is a supreme necessity if one day insects are not to inherit our earth.

Recently a life prisoner in San Quentin Penitentiary was asked why he didn't ask for parole. He had his answer pat. "Why I'm wearing a clean shirt. Almost every Sunday I get chicken. I have five hundred friends here. Where would I do as well, outside?"

It is the question of the robin who would rather have his crumbs than the effort and the exaltation of flight. It is the question of those who are asking for dull security, rather than the lift and the inspiration of achievement, for guaranteed employment, guaranteed wages, guaranteed pensions, guaranteed security, are showing a disposition to sacrifice the natural ways of freedom. Sure, prison spells "security". But, never forget, it still spells PRISON.

Joseph Rutledge

Mr. and Mrs. Vern Brown spent the 24th in Taber where they attended the Stampede.

'JET'. The only polish for hot stoves won't blacken. No brushes. Get 'JET'—you're all set. All Stores.

Let's Eat Beef

In the last five years Canadian livestock producers have lost a home market for nearly 250 million pounds of beef a year. The Financial Post points out. In 1947 the per capita consumption of beef was 67.2 pounds. Last year it was down to 59 pounds, a drop of over 25%.

We don't need to go to the expense of appointing a Royal Commission, says The Post, to find out what happened. Recent high beef prices have priced this meat off many Canadian tables.

Get this huge home market back to normal consumption, which would be somewhere between 60 and 70 pounds per capita, and the worst of our surplus troubles would be over. A few more roasts per year per family would be all that is necessary. This would mean an increase in domestic sales of at least 200,000 pounds of beef a year or five times as much as we hope to export in our complicated and costly three-way deal with Britain, New Zealand and the United States.

DONNA RAE SELMAN
(continued from page one)

Many relatives and friends attended the Reception at the Stake House to extend their best wishes to the honored couple. Mr. and Mrs. Murray Wilde welcomed the guests at the door and Gene Garner and Reva Heggie accepted and arranged the gifts, while Lorna Michelson presided at the Guest Book.

Mr. and Mrs. Wm. Anderson received the guests at the lunch room where Margaret Jacobs, Marjory Kinsey, Connie Mehew, Janet Anderson, Geraldine Kenney and Jean Anderson served the dainty lunch prepared by Phyl Meeks, Beth Galbraith, Vi Meeks Idale Kenney and Elsie Mitchell.

The Bride's Table was graced by the three tiered wedding cake which was flanked by white tapers and purple pansies.

Dick Kinsey was the Master of Ceremonies for the very enjoyable program which consisted of solos by Jeanne Jensen, Mas Teraketa, and Vonda Wilde, a piano solo by Herb Bishop, a Girl's Chorus from Lethbridge directed by Wayne Matkin, and Readings by Betty Evans and Grace Selman. In closing a Toast to the Bride was proposed by Dean Rolison and was responded to by the Groom.

For the honeymoon trip to Idaho Falls and other points in the U. S., the bride donned a suit of grey with mauve accessories.

The young couple will make their home in Raymond.

The Fourth Ward Relief Society The Deb Thompsons were among Ladies enjoyed a Closing Social Tuesday afternoon. Following the interesting lesson by Dorothy Dahl, community singing was enjoyed after which Betty Evans gave a Reading and Nora Stone rendered a vocal solo.

A very tasty lunch brought the afternoon to a close.

Mr. and Mrs. Roi Stone spent the week-end in Waterton over the holidays.

A travelling salesman was registering at a small hotel when a bed bug crawled slowly across the page of the register. "Well," said the salesman, "I've been bitten by all sorts of bugs in all sorts of hotels, but this is the first time that they've ever come down to see what room I'm registering in."

"... saved me days, perhaps weeks, of work"

After returning from his first trip to the West, a business man wrote his bank:

"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."

Every chartered bank works this way. Whether you walk into your neighborhood branch or one a thousand miles away, you will find the same full range of banking service—and the same readiness to help.

CAR SAFE PLACE IN ATOMIC RAID

Your automobile is one of the safest places to escape contamination after an atomic attack said an official of the American Automobile Association.

"Atomic bursts on or near the ground usually leave a limited area of heavy and often dangerous pollution near the explosion point," said the A.A.A. official, who based his information on advice from the U.S. Civil Defence Administration.

People in the contaminated area should take refuge inside a house or get into a car and roll up the windows he said. It may be necessary to stay under cover for as long as three or four hours.

"Car owners are advised by Civil Defence authorities not to leave the family car parked on the street during or after an atomic attack, because the way should be clear for emergency vehicles," he said. "Keep the windows rolled up to prevent contamination of the interior by ground or underwater bursts. Radioactivity will not interfere with the operation of car fuel and ignition systems, nor will it otherwise impair the operation of the car."

The club official said that battery-operated car radios may provide a vital connecting link between civilians and emergency authorities during and after an attack. Therefore, motorists should leave their auto radios on, in order to receive instructions.

This is R. A. (Rube) Hornstein, officer in charge of the Dominion Public Weather Office in Halifax, who discusses what makes the weather, and why, in the broadcast series Ask The Weatherman, heard on Sunday CBX 3:20 p.m. In his program he debunks—or upholds—old weather theories handed down through the centuries, and gives colorful, up-to-date explanations of anything from drizzle to hurricanes and Chinooks.

Ever since she made her radio debut in Ottawa at 16, singing has come first with sultry-voiced Norma Locks, heard Sunday nights at 8:30 p.m. on the CBC Dominion network in the Mart Kenney Show. She has been singing with Mart since 1944, and a few months ago became Mrs. Kenney. Norma expects to see quite a bit of Canada in the next few months. In May she and the band did a tour of Northern Ontario towns, followed by a trip to Halifax to play for the Press Club Ball. In September she and Mart hope to take the band as far west as Vancouver.

IT SEZ HERE

"Uncle Jerry" Fleishman... of Baltimore's Fleishman Advertising Service, one of our favorite U.S. counterparts and correspondents, sez he was driven slightly daft by the chain-reaction imaginings set off by reading last month's Punctuation Marks and How They Get That Way (see below).

Your appreciation of punctuation marks, as was ours, may be whet a bit by what he wrote:

Suppose there were no . . . ; : " or () Just let apostrophe s imagine comma if we can comma that there are no characters to represent a question or an exclamation or a quotation or a sentence-end period Wouldn't apostrophe t that be awful question mark.

If comma for instance comma we wanted to holler quotation mark Fire exclamation point quotation mark comma wouldn't apostrophe t it look sort of silly if we had to record it this way question mark And supposin apostrophe we wanted to indicate that a word or pphrase was elaborated on at the bottom of the page semi colon wouldn't apostrophe t it be queer to have to write out asterisk comma I apostrophe m asking you question mark.

The writer of this has gone nuts exclamation point comma you say period Maybe period But could be that comma because he took a cold shower this morning parentheses if apostrophe n you believe that one comma he apostrophe d like to sell you Grant's Tomb parentheses comma he apostrophe s feeling kinda all wet period Aw comma shucks exclamation mark quotation mark Keeper exclamation point the padding in this cell ain't apostrophe t thick enough exclamation point quotation mark

Mr. and Mrs. Kim Bullock and C. J. Edna Rolison and Edna Mae Kinsey McLean were week-end visitors in Waterton visitors this week end.

A vocal solo by Velma Bigelow and a piano duet by Emma Dahl and Maybelle Anderson were enjoyed at the Third Ward Relief Society Closing Social held Thursday afternoon. At the conclusion of the day a lovely lunch was served by Fontella Hawkins, Alice Court, Leola Meeks, and Josephine Hawks.

The next meeting to be held will be during the latter part of June and is to be held at the Experimental Farm.

Reld, Hazel, and Vivian Fawns and June Anderson were also Saturday Waterton visitors.

Marie, Eileen and Lucille Thompson were visitors in town from Calgary for the holiday week-end.
